

Horla - Yann Longchamp

Bio

With over a decade of dedicated experience in the performing arts, Yann Longchamp is a multidisciplinary artist whose practice lies at the crossroads of electronic music production and DJing, immersive audiovisual scenography and live performance. Rooted in the underground of club culture, his work has evolved into a rich, interdisciplinary universe that merges ambient techno house & fusion jazz into immersive sonic experiences.

His solo music practice unfolds as a meditative journey through deep textures and hypnotic pulses, crafting live acts and compositions that open to ritualistic and spiritual otherworlds. He is a founding member of Shelter Twins – a live techno and house duo with Timour Nigolian and created the performance Tethered Lines with Joshua Chiundiza, a poetic experiment blending dub, Berlin School and spoken word. Recently he joined the ambient jazz quartet Mega City Paradis alongside Louis Matute, Eloi Calame and Olha Semchyschyn.
